MORE PRODUCTION IS THE SOLUTION

Secretary James Wilson On The Higher Cost of Living.

AT FARMERS' UNION RALLY

More Scientific Agriculture the Plea. Mixed Greeting Extended Speaker—Wanted Cheaper Rates From Mr. Yoakum.

St. Louis, Mo., May 3.—That the farms of the United States are not producing half what they should because of a lack of practical education among the farmers, was the explanation of the high cost of living problem offered by Secretary of Agriculture James Wilson, in an address tonight at the Farmers' Union rally.

Secretary Wilson received a mixed greeting from the audience. A motion that the delegates arise when the Secretary entered was voted down with cries of "He's no better than we are". When he appeared, about half the audience stood up while the others shouted "sit down." He was roundly applauded at the conclusion of his address, however.

"I believe the solution of the cost of living problem lies in good hands", said Mr. Wilson. "The farmers are awake and no country is in danger when this is the case.

"A new day has come. Our population is increasing a couple of millions or so a year, and our production is not keeping pace with this growth. Prices have gone up. Something must be done.

"Of the 14 States of the Mississippi valley, not one is producing half the crops it should because the farmers have not been taught scientific farming. We can and will, ultimately, double every crop we are growing and at the same time care for a population of 200,000,000 people. When we've done that, the agriculturist of that day will show how to double the crops again.

"The government is straining every effort to improve the soil and is accomplishing wonderful things, but there remain other things to be done.

"The farmer must be educated. We need a country-wide university. If we teach the young farmers the old farmers will soon take interest."

As B. F. Yoakum, chairman of the executive board of the 'Frisco System, concluded his address today, a score of delegates jumped to their feet and hurled questions at him, mostly as to why delegates could not get reduced rates.

Yoakum attempted to answer some of the questions, but could not make himself heard. Order was finally restored and the Union officers apologized to Mr. Yoakum.

LOCAL OPTIONIST WON.

O'Neal Nominated in Alabama by 12,000 Majority Yesterday.

Montgomery, Ala., May 3.—Returns received today from 67 counties show that Emmet O'Neal—local optionist—was nominated for governor in the Democratic primary held in this State yesterday by a majority of 12,000 over his opponent, H. S. D. Mallory. Malolry ran on a State-wide prohibition platform.

The surprise contained in the belated returns is the heavy vote polled by Walter D. Seed for Lieutenant governor. He did not defeat Thomas but the majority of Mr. Thomas may not be over 5,000. The following candidates are undoubtedly nominated:

Cyrus S. Brown, secretary of State; C. Brooks Smith, State auditor; H. J. Willingham, superintendent of education; Reuben F. Klob, commissioner of education; Leon McCord, railroad commissioner; J. R. Dowdell, chief justice of the Supreme Court; John C. Anderson, Ormond Somerville and A. D. Sayre, associate justices, and Senator John H. Bankhead who polled more votes than both of his opponents.

BURGAW TOWN ELECTION.

Mayor W. M. Hand Leads Exceptionally Strong Ticket.

(By Long Distance Phone.)

Burgaw, N. C., May 3.—At the town election today a very strong ticket was elected in the choice of Mr. W. M. Hand for Mayor; Mr. C. C. Branch, treasurer, and Messrs. W. D. Croom, W. B. McNeal, W. C. Dicksey, J. N. George and J. I. Bannerman to constitute the board of aldermen. This is a splendid administration and means progress and good order for Burgaw. Mr. C. C. Branch is cashier of the Bank of Burgaw and the others are well known business men.

JUCTICE LURTON HONORED.

Elaborate Dinner Given Him by Alfred P. Thom.

Washington, May 3.—In honor of Associate Justice Lurton, of the Supreme Court, an elaborate dinner with covers laid for 60 guests, was given here tonight by Alfred P. Thom, general counsel of the Southern Railway. Among those present were Justices Harlan, Holmes, White and McKenna, of the Supreme Court; Senators Aldrich, Taylor, Percy, Briggs and Martin, Attorney General Wickersham, Rear Admiral Capps, Judge Pritchard and Thomas Nelson Page.

STRUCK OUT PART OF RAILROAD BILL

Dismantling of Administration Measure in Congress Yesterday.

PROGRESS MADE ON THE BILL

Tariff Agreement Provision Eliminated by Both Senate and Houte—Many Changes Made—House Adopted Feature.

Washington, May 3.—The dismantling of the administration railroad bill proceeded in both Houses of Congress today.

Section 7—The traffic agreement provision—was eliminated by both Senate and House; the Senate struck out also Section 12, which would have permitted any railroad owning 50 per cent. of another road to absorb it altogether. The section prohibiting a railroad to charge a higher rate for a short than for a long haul was adopted by the House in the form reported by the Committee on Inter-State Commerce, but with an additional provision for an investigation and report to Congress by the Interstate Commission of the facts relative to the long and short haul question. There is no section corresponding to this in the bill as it is pending in the ate, but an amendment offered by Senator Heyburn today to modify the existing law to similar effect precipitated an extended debate which was in progress when the Senate adjourned.

Strictly speaking, each House today was boring holes in a separate bill—the Senate in the Senate bill introduced by Senator Elkins; the House in the House bill introduced by Representative Townsend—but the bills at the outset were identical; though they were made different in various respects by the committees which reported them. Each version of the bill has yet to be passed in its own House and then will have to undergo the tender mercies of the other. Whether either will ever emerge from the final stage of joint conference is a thing nobody is prepared just now to prophecy.

Never since it was reported to the Senate some nine weeks ago has the bill moved along with such celerity as today. The entire programme outlined at yesterday's conference of Republican leaders was carried out and extended. In rapid succession the Cummins and the Crawford-Elkins amendments to the traffic agreement were withdrawn and the entire traffic and merger provisions stricken out.

The Clay amendment striking out the agreement provision was accepted without division and this action was followed immediately by the adoption of a motion by Senator Nelson, striking out without division Section 12, which covered the questions of mergers.

Mr. Heyburn then precipitated the debate of the day by presenting an amendment prohibiting a greater charge for short than long hauls. In support of his amendment, Mr. Heyburn presented many instances of alleged discrimination.

Admitting that apparently there are some cases of injustice, Mr. Aldrich said the trouble was to find a remedy. Declaring that many cities, such as St. Paul, Kansas City and Denver had been built up by the railroads, he asked Mr. Heyburn whether he advocated their annihilation, in the interest, for instance, of some unknown place in Idaho. He declared that Mr. Heyburn's contentions, carried to their legitimate result, would convert the great central part of the country into a barren waste. "That is the old siren song," responded Mr. Heyburn.

He would not admit its applicability and declared that if the terminal charges of the railroads were fair and remunerative there could be no injustice in charging the same prices for a shorter haul.

The Heyburn amendment was still under consideration when the Senate adjourned.

Voting was begun on amendments to the long and short haul section after two hours debate upon it in the House.

By 55 to 153 an amendment by Mr. Hardy, of Texas, to strike out the provision permitting the Interstate Commerce Commission to permit the making of low through rates in view of water competition, was disagreed to.

The section relating to the long and short haul clause was then agreed to in practically the form in which it was reported. As agreed to by the House the section permits railroads to charge low rates for a long haul in view of water competition only after such lower rates have been agreed to by the Interstate Commerce Commission.

The provision authorizing traffic agreements between railroads then Michigan, offered an amendment providing that in case any such agreement should result in hgher rates than was taken up. Mr. Townsend, of previously charged, the Interstate Commerce Commssion should approve the rates before they became effective. Mr. Martin, of South Dakota, offered a substitute providing that the rates made by traffic agreements should be approved by the commission before becoming effective in all instances.

By a vote of 83 to 59 Mr. Martin's substitute was agreed to.

Mr. Madden, of Illinois, offered an amendment to strike out the entire traffic agreement section. By a vote of 110 to 91, the amendment was agreed to, many of the regular Republicans voting with the Democrats, a number of Insurgents voting against the Madden proposition.

TAFT SPENDS DAY AT HIS OLD HOME

President Pleased to Greet Many Cincinnati Acquaintances.

OPENS MUSICAL FESTIVAL

Wildly Cheered at Theatre After Being Treated as "Citizen of Cincinnati" All Day—Interested in Railroad Bill.

Cincinnati, O., May 3.—President Taft wound up a day of renewing old acquaintances by appearing before a brilliant and enthusiastic throng at the opening of Cincinnati's annual May music festival tonight, as the dedicator of an heroic statue of Theodore Thomas, first conductor of the festivals and formerly head of the Chicago Orchestra.

Having respected the President's wishes that he be treated as a "citizen of Cincinnati" all day, the public took full advantage of his appearance tonight to acclaim him as the chief executive of the nation. A fanfare of trumpets ushered the President on the stage, but the notes of the instruments were drowned by the shouting applause of the thousands who had listened to the strains of Handel's "Juda's Maccabeus", with its story of love, liberty and justice.

A chorus of 800 voices, backed by an immense organ and the Chicago Orchestra, sounded "O Liberty, Thou Choicest Treasure, Seat of Virtue, Source of Pleasure," and was augmented by 300 boys' voices when the chorus, "See the Conquering Hero Comes", was reached.

Mrs. Theodore Thomas and her two sons heard the President's eulogy of the dead musician.

After the concert, the President went to the Queen City Club, where Lawrence Maxwell, formerly solicitor general of the United States and now president of the May Festival Association was his host until the Presidential party left for St. Louis shortly before midnight.

At the Loyal Legion meeting today, President Taft, after declaring that he had been "too young to fight in the Civil war and too fat to take part in the Spanish war", said:

"It is a pleasure to come to one's home, especially when you have been in Wasnington and have been gently chided for your short-comings, and to snuggle up close to those who are fond of you, who have respect for you whatever happens, and who believe that however great the obstacles are, and however severe the criticism may be in other parts of the country, you are doing the best you can."

President Taft read with interest today the dispatches from Washington dealing with the critical situation in which the administration railroad bill has been placed. The President would make no comment for publication regarding the attitude of the insurgents in the Senate and House toward the measure. That he holds the insurgents responsible for the legislative edlay is now fully recognized.

It is known that the President has grown tired of the professions of some of the National legislators in both branches of Congress, that they are for his measures (when they visit the White House) but work against these same measures according to his view, as soon as they get back to Capitol Hill. In public speeches some of these Senators and Representatives have also expressed their loyalty to the administration only to resort to tactics which the President regards as being inimical to the active measures he has recommended. Mr. Taft is far from having lost all hope, but it is believed that he is plainly discouraged by the lack of support from men who nominally belong to the party of which he is the titular head. As there seems to be a lack of working majority in either branch of Congress, the chances for the various administration measures seem anything but bright. The President still adheres to the view that Congress should bear the responsibility for its own acts of commission, and omission, and it is believed that in the last analysis he will endeavor to place the blame where he thinks it belongs.

"But the morning papers publish an obituary of the bill", suggested one of the President's interviewers. "Many obituaries are premature," retorted the President.

New York, May 3.—The funeral of William E. Burnett, of Locust Valley, L. I., who weighed 568 pounds, was held today. The body was placed in a large metallic coffin. No hearse was large enough to carry the coffin and it was carried on a wagon. It took the united efforts of 12 pall-bearers to carry the coffin in and out of the church.

President Taft And His Pittsburg Double

TEDDY HONORED BY DANES

Municipality Gave Dinner in His Honor and Two Loving Cups Were Presented Him—Arrives in Christiana Today.

Copenhagen, May 3.—Mr. Roosevelt left here at 9:30 tonight for Christiana where he will arrive shortly after noon tomorrow. The feature of his visit there will be the Nobel Prize speech, which will be delivered on Thursday afternoon. An enormous crowd gathered at the station to bid farewell to the Roosevelt party.

Col. Roosevelt was the recipient today of two loving cups, one bearing the Danish coat of arms and the other the American arms and also four placques from the royal porcelain works, upon which were pictured several wild beasts. In making the presentation the manager of the works told Mr. Roosevelt they were "wild beasts of Africa."

Mr. Roosevelt accepted the placques graciously, and while examining the figure of an elephant, looked up suddenly and said smilingly: "This is not an African elephant."

"That is quite true," replied the manager. "These plates were made specially. We have no study of African elephants, and so used Asiatic."

The incident caused a great deal of amusement, and the colonel remarked: "I am very glad to have all kinds of elephants."

The municipality gave a dinner at the city hall in honor of the ex-President. The Lord Mayor presided, and all the members of the cabinet were present. The Mayor proposed the health of the guest of honor and the company cheered enthusiastically as he concluded "Long live Roosevelt."

Mr. Roosevelt, in responding, touched upon the similarity of the problems confronting all free countries. He was cheered when he left the dinner and by big crowds that had gathered outside the city hall.

During the course of the day the Roosevelt party motored to Elsinore (Helsingoer) where great interest was shown in the old Elsinore castle, the scene of "Hamlet" and returned to Copenhagen on the steamer Queen Maud, which passed between squadrons of Danish and Swedish warships that accorded honors to the former chief executive of the United States, which are usually paid only to royalty.

NICARAGUAN PEACE PROBLEM

Strong Effort to Settle Difficulties Among Warring Factions—Central American Court of Justice Active.

Washington, May 3—Another strong effort is being made to bring about peace between the two warring factions in Nicaragua. A dispatch has been received at the State Department from United States Consul Moffatt, at Bluefields, stating that the Central American court of justice at Cartago, Costa Rica, had unanimously passed a resolution which had been sent to Dr. Madriz at Managua and General Estrada at Bluenelds, strongly urging that an armistice for eight days be declared with a view to an agreement through the mediation of the Cartago court, looking to the establishment of peace in Nicaragua. The resolution made an earnest appeal to the two commanders urging that for love of country and in the interest of peace a further effort be made to reach an amicable understanding through which further loss of life would be prevented.

In reply to the dispatch received from Consul Moffatt, at Bluefields, announcing the action which the Central American court of justice had taken in the matter, Secretary Knox, by telephone from Pittsburg directed that the following telegram be sent from him to Dr. Alberto Uoles, president of the court:

"Being advised that the Central American Court of Justice, acting in the spirit of the high purpose for which it was instituted, has, by unanimous resolution, made to Dr. Madriz and General Estrada identical representations urging armistice and direct agreement with the friendly mediation of the court, even before receiving the text thereof, I hastened to congratulate the honorable judges upon this high minded idea which I hope may contribute to the establishment in Nicaragua of those conditions of good government, progress and prosperity which the United States, like the Republics of Central America, so greatly desires to see."

A dispatch received from Consul General Olivares, at Managua, states that General Irias, whom Dr. Madriz recently appointed commissioner to take charge of affairs on the Atlantic coast, had left Managua for Greytown, presumably for the purpose of assuming the offensive against the Estrada forces.

HEARST'S LEGAL VICTORY.

Dismissed Action Brought by People Hurt in a Celebration.

New York, May 3.—William R. Hearst won a legal victory over the City of New York in the Supreme Court today when Justice Greenbaum dismissed a test case to compel Hearst to pay damages obtained against the municipality for deaths and injuries of persons in the explosion of fireworks near Madison Square Garden in 1902, when Hearst was celebrating his election to Congress. A jury had been sworn in when counsel for Hearst made a motion to dismiss and Justice Greenbaum granted it, holding in brief that Hearst had the necessary permit and the city had no right to take such a risk.

Judgments aggregating $1,717,260 have already been obtained against the city and there are many suits yet to be tried. The total damages asked for are nearly $3,000,000.

PARTY DELIGHTED WITH BAY LANDS

Northerners Will Likely Exercise Option on Big Angola Tract.

SECOND VISIT YESTERDAY

Rich Deposits of Marl—Opportunities for Truck Growing—Will Extend Railway Line Into Territory—Visitors Return.

(By Long Distance Telephone.)

Burgaw, N. C., May 3.—Expressing themselves as delighted with the splendid opportunities for development and the elegant entertainment given them while here by the Business Men's Association and others of Burgaw, the remaining members of the party of prominent business men and experts who have been here the past two days looking into the development of the vast tract of land known as Angola Bay, left tonight for New York and Canada, to return later as their plans for exercising their option on the lands from the State develop.

The second day's investigation of the property by the visitors was in every way satisfactory. Yesterday the party proceeded along the eastern side of the tract, entering along the eastern end of the six miles of the bay that has been thoroughly investigated by the party, three miles on either end, there being only a few miles in the central part of the property that has not been explored. The party consisting of Messrs. C. W. Larmon, Chas. Osler and W. E. Hearn, accompanied by Messrs. J. E. Williams and L. McNeill. The party left the hotel at 6 o'clock and drove around the entire southern end of the bay 20 miles, to the old convict road. Here the teams were left and the party explored for three miles straight into the bay, taking samples of the soil, estimating the timber growth, studying the drainage, examining the marl deposits that underly a great part of the tract, and making other observations. After severals hours examination, Mr. Osler, who is a civil engineer and soil expert of high standing, having made reports on several large enterprises which were successfully carried through by the Northern Pacific and Canadian Pacific railroads and who represents the major part of the capital, stated that he was satisfied with the property; that further investigation was unnecessary; that the results of the day's investigation were beyond a doubt to the effect that the reclamation was entirely advisable and practical. The party then returned via the home of ex-Sheriff K. F. Powers, where a most beautiful Southern dinner was served, fresh vegetables from the Powers garden adjoining the Angola tract having served to impress the capitalists with how early and what fine variety of truck may be grown in this section of Pender county. They were shown large turnips, three inches in diameter and these were declared by the visitors to be without compare and a source of great profit with the opportunities of marketing. Sheriff Powers made the visit at his home most pleasant for all and they expressed in high terms their appreciation of his hospitality.

The return to Burgaw, a distance of 20 miles, was made in 3 1-2 hours and tonight the farewell supper was given at the Black House, where the visitors have been elegantly entertained, the gentlemen leaving on the northbound train for New York and Montreal. They were accompanied as far as Richmond by Mr. C. C. Branch, cashier of the Bank of Burgaw.

In this great project timber is not an object, there being only enough to build the necessary houses, barns, bridges, fences, etc., for the settlers. The main object of the development is the soil and this was examined in a number of places and pronounced of high quality. There are on the land large deposits of marl, lying only a few feet under the surface. This strata can be seen cropping out along the creeks issuing from the bay. Fully 10,000 bushels were seen piled up along the bay awaiting distribution on neighboring farms for its high fertilizing value, being about 83 per cent. lime. From observation, the experts believe that the bay must have been once an arm of the sea or the delta of the Northeast river. Mr. Osler stated that the soil was of a very high grade, much superior even than that around St. Helena where successful colonizaton is already under way. Another feature that seemed to impress the visitors were the splendid farms through which they passed around Maple Hill. Corn and cotton are now grown almost exclusively, but the visitors explained that the soil was especially adapted to trucking. Mr. J. M. Myers, of Burgaw, and Mr. S. O. Wilson, of Watha, with the State test farm at Willard, had celery, fresh and crisp on the Burgaw market last Christmas day and being told of this the Northerners said that this crop would prove a bonanza as Florida shipments end with Thanksgiving and California celery doesn't begin until February. Pender county celery coming at a period when nothing but the cold storage product is for sale, it would command the highest prices on the Christmas markets. If the option

LAW ENFORCEMENT WILL BE SLOGAN

Seaboard Officials Accede to Request of Citizens for Information.

CALL ISSUED FOR A MEETING

Citizens Asked to Assemble Tomorrow Night at 8 O'clock in Court House. More Efficient and Economical Government.

There were two important developments yesterday in the campaign in Wilmington for law enforcement and better government. One was the receipt of a reply from General Counsel Leigh R. Watts, of the Seaboard Air Line, acceding in every particular to the request of the Citizens' Committee for information from its records of any 'contraband' liquor and the other was the issuance of a call for a mass meeting of all citizens of New Hanover county, who are interested in the enforcement of the law and in the movement to secure more efficient and economical government in the county and city, to be held in the Court House tomorrow night at 8 o'clock.

The letter yesterday from Judge Watts was to Mr. C. C. Covington who has conducted the correspondence relative to the Seaboard freight shipments, and copies of the same have been furnished to Hon. John D. Bellamy, district counsel of the road; Mr. F. A. Fetter, the local agent, and the general freight agent at Norfolk. The letter is a big concession in the campaign for law enforcement and it is expected that much valuable information will be secured from an examination of the records, in the campaign to suppress the blind tiger traffic. It was stated last night that under authority of the letter, application would probably be made this morning for a record of the larger shipments of liquor to Wilmington since the first of January and that this information would be filed with the Recorder for any steps he may desire to take in co-operation with the movement for a better enforcement of the law in Wilmington. The future turn of the campaign will be watched with much interest by the people, who, regardless of their view of the prohibition question, desire to see the law enforced. The letter of Judge Watts on the official stationery of the Seaboard is as follows

Portsmouth, Va., May 2, 1910.

C. C. Covington, Esq., Chairman, Committee of Shippers, Wilmington, N. C.

My Dear Sir:—On receipt of your wire protesting against the action of the Seaboard in the matter of furnishing information concerning consignments of whiskey delivered at Wilmington, I wired you by Western Union and by local wire as per attached. I wish to assure you that there is no disposition on the part of this company to in any way shield those who are violating the law of the State of North Carolina.

The information received by me was to the effect that it would put our Wilmington Agent's office temporarily out of business to convey all of the records to the Mayor's office. We felt that we were not making an unreasonable requirement in asking that the shipments be specified, I note in your letter which you addressed to the Agent at Wilmington you state that you know the names of the negro draymen to whom the whiskey is shipped and by them distributed.

It occurs to me that your purpose may be served by, someone delegated by you, with the assistance of the Agent, examining the records of his office and obtaining therefrom such data as will be needed for evidence in the prosecutions it is intended to institute. I am confident that you do not wish to disrupt the business of our Wilmington agency, for you can appreciate the fact that it would directly affect the busin ss of the signers of the telegram, and I trust the plan I have suggested will accomplish the desired results. If not, can you suggest some other method? This company is willing to meet all reasonable demands. I am sending a copy of this letter to Hon. John D. Bellamy, our District Counsel and to our Agent at Wilmington. As evidence of the desire on the part of the Seaboard to co-operate with the authorities in the event of the unlawful sale of intoxicating liquors, I quote you from the General Freight Agent's circular containing rules governing the handling of intoxicating liquors:

"This Company's employes must co-operate with the Federal and State officers in preventing the handling of contraband goods and must allow such officers every opportunity of inspection."

I may assure you that it is the intent of the company to render the fullest aid possible as stated in that circular.

Yours very truly,

LEGH R. WATTS,
General Counsel.

The call for the mass meeting tomorrow night will doubtless attract a very large attendance as there was perhaps never a time in Wilmington when its citizens were closer students of public affairs. The call is signed by the Citizens' Committee, which has been instrumental in instituting the present campaign against the illegal

"BIG CHIEF" ARRIVES.

Mainstay of Rocky Mount's Team Last Season is Back Again.

Rocky Mount, N. C., May 3.—After sleepless nights by the fans of the city and much conjecturing on the part of many, Thorp, the hefty Carlisle Indian school twirler arrived in the city from his home in Oklahoma on Sunday morning. The firing artist was the mainstay with the Railroaders in their losing season last year and he was the only pitcher with one exception that the local moguls saw fit to tender a contract for the coming year. The only other player yet to arrive will be E. Dannelley, a catcher, who is heralded as a star at both the stunt of receiving and with the willow as well. This gentleman will be in harness before the last of the week and the practice and try-out season will be on for fully two weeks before the gong sounds.

$30,000 ON THE FIGHT.

Second Instalment Deposited by Rickard and Gleason.

San Francisco, May 3.—Thirty thousand dollars in $20 pieces, was the second instalment of the Jeffries-Johnson fight money deposited today in the Metropolis Bank in this city by "Tex" Rickard and Jack Gleason, the promoters.

The gold was heaped in a glittering pile at the receiving window while Rickard, Gleason, Jack Johnson, Berger and Little grouped themselves about it to pose for a picture. Johnson's famous "golden smile" flashing across the stack of coin from his post behind the window, rivalled the heap in brilliancy.

AGAINST THE BIG FIGHT.

Protest Made by Oakland Convention. Ministers Active.

Oakland, Cal., May 3.—Branding the match a "desecration of our Nation's great patriotic holiday," the Greater Oakland Charter Convention last night adopted a resolution protesting against the holding of the Jeffries-Johnson prize fight on July 4th. A public mass meeting held in remonstrance against "this threatened violation of the moral sentiment and good order of the community" is planned.

San Diego, Cal., May 3.—The ministerial association of this city has sent a telegram to Governor Gillett protesting against the Jeffries-Johnson fight.

JEFF AND ARMSTRONG.

Goes Four Rattling Rounds With Negro Fighter.

Ben Lomond, Cal., May 3.—Jeffries did a tremendous amount of work today when he finished up with four rattling rounds of boxing with Bob Armstrong, his trainers were enthusiastic over his cheerfulness. "Farmer" Burns declared the worst of the preliminary stage of Jeffries' training was over and that hereafter his work would proceed with more cheerfulness and ginger.

Handball, road work, shadow boxing, wrestling and a session with the punching bag preceded the four stiff rounds of boxing which completely exhausted Armstrong.

Tonight Jeffries left for Oakland, where he will meet his wife with whom he will return to the training camp tomorrow.

AERO-AUTO EVENTS.

Grand Opera Stars in Races on Atlanta Speedway.

Atlanta, Ga., May 3.—Grand opera stars spinning around the course at the rate of more than a mile a minute with some of the best known automobile drivers of the country, outshone even Charles K. Hamilton and his Curtiss biplane at the Atlanta speedway this afternoon. Caruso, Miss Geraldine Farrar, Medame Gadski, and Madame Homer, were among those who enjoyed the sensation of real automobile racing.

The presence of the singers, however, did not take all the glory from Hamilton, who closed his programme in this city with one of the best cross-country flights he has ever made, going from the speedway across a stretch of woodland to the little town of Jonesboro and return, a distance of about 16 miles in a little over 18 minutes.

After his final flight here Hamilton announced that he would give one more series of exhibitions in the South probably at Macon, Ga., before returning to the East where he would try for a $10,000 prize offered by a New York newspaper for a flight from New York to Albany.

As on the first day of the meet Hamilton treated the crowd to a series of hair-raising dips, plunges and glides, at all times showing absolute control of his biplane.

One of the features of the day was the startling work of Ray Harroun, driving a specially built 40 horse powed Marmon "yellow jacket," he made the two mile circuit of the track in 1:27, six seconds slower than the track record made by Strang in a 120 Fiat.

Tomorrow will be an off-day at the speedway and three days of automobile racing and time trials on a straight away course will be started on Thursday.

CAROLINA WON LAST GAME.

Defeated Kentucky by Score of 8 to 2. Retiring Players.

(Special Star Telegram.)

Chapel Hill, N. C., May 3.—In the last scheduled game of the season Carolina walked away with the Central University of Kentucky, winning easily by the score of 8 to 3. In the latter part of the game Carolina used about half of the scrub team and even then the game was "easy". Hedgpeth pitched good ball for Carolina, allowing the visitors only five scattered hits but he was a little wild at times.

The game was featureless except for the heavy hitting of the Tar Heels, the first pitcher of the visitors having been driven from the mound and his substitute hit freely. The score:

Kentucky .....000 020 010—3 5 3
Carolina .....022 120 01x—8 12 3

Tolin, Webber and Waller and Seelback; Hedgpeth and Buie and Swink.

Struck out, by Tolin 0, Webber 3 in four innings, by Hedgpeth 9; base on balls, off Hedgpeth 5; sacrifice hits, Arnold, Bivins, Hackney, Hedgpeth and Armstrong; stolen bases, Dosher 2, Pritchard 2, Webber, Rose; Two-base hits, Vincent, Rose, Duncan and Hedgpeth; three-base hits, Dosher and Williams; time 1:55; umpire, Wrenn.

At the end of the game rousing college yells were given for Capt. Stewart, Hamilton, captain of last year's team, and Bivins, this being the last game for all of these men on the team, as they've played four years of college ball.

The game today makes Carolina's 17th victory for the year. Nine games have been lost and two on the schedule were cancelled because of rain. Among the victories some of the best teams in the East went down before Carolina and the record for the season as a whole, while not as good as last year's, is by no means considered one to be ashamed of.

OVER ONE THOUSAND CARS

First Fifteen Days of Present Season—Yesterday's Shipments Heaviest on Record—Report of Business Agent.

Business Agent H. T. Bauman, of the East Carolina Truck and Fruit Growers' Association, yesterday transmitted to President Wm. E. Springer, of this city, his report of the movement of strawberries by refrigerator car through South Rocky Mount from April 15th to May 1st, inclusive, the shipments for that period having surpassed all former records with a total of 1,031 cars, 504 having been handled from the Chadbourn section through the Association channels, 160 cars through the Carolina Fruit Exchange, and 367 cars through the regular channels from the Wilmington and Weldon territory.

This not only exceeds all former records for a corresponding period, as the cars are loaded much more heavily than heretofore, but yesterday's shipments through South Rocky Mount broke all records with 130 sold cars. Mr. Bauman's report covers each day's shipments in detail and they run all the way from three cars to the 130 yesterday. Mr. Bauman writes that he is working in perfect harmony with the Carolina Fruit Exchange and expresses the opinion that the distribution this year has been ideal. Everything he says is moving in good shape and shippers seem to be satisfied, as a rule, both with respect to transportation and prices. Reports from agents of the Association at Potomac Yards show prompt arrivals, departures and re-icing while Association agents in New York and Philadelphia report prompt arrivals and deliveries and fair to excellent condition of the fruit. Several markets took a slump for a day or two early in the season but recovered and are now doing better, prices yesterday on the platform having ranged from $1.75 to $2.50. Mr. Bauman says that many shippers in both territories are in daily touch with his office by wire and telephone and with reports from the Chadbourn section, no market is being overcrowded.

The distribution of yesterday's heavy shipments was as follows: Philadelphia and Pittsburg 12 each, New York 11, Boston 9, Rochester 6, Springfield Syracuse, Buffalo 5 each, Erie, Wilkesbarre, Elmira and Albany 4 each, Troy and Utica 3 each, Columbus, Cleveland, Scranton, Harrisburg, Worcester, Toronto, Hartford, Providence and Schenectady 2 each, Olean, Bradford, Waterbury, Norwich, Ottowa, Montreal, Amsterdam, Atlantic City, Pittsfield, Easton, Hazleton, Ithaca, Patterson, North Adams, New Haven, Bridgeport, one each.

Child Wandered From Home.

Hannah Goldberg, the four-year-old daughter of Mr. and Mrs. Goldberg, who live at 10th and Market streets, wandered away from home about 7 o'clock last evening and was found on Market, between Front and Second streets a half an hour later by Mr. C. E. Pridgen, an employe of the Southern Bell Telephone Company, who chanced to be passing along the street. Mr. Pridgen noticed that the little one was lost and took charge of her. In a short time someone that knew the little one came up and then Mr. Pridgen escorted the child to her father. In the meantime the child's absence had been discovered by Mrs. Goldberg, whose great anxiety was not relieved until Mr. Goldberg went home with the little girl.

CLOSING EXERCISES HELD

Splendid Programme Given by Greenville School Last Night.

The public school building at Greenville was crowded last night with friends and patrons to witness the closing exercises of the present school year. The programme as outlined in yesterday's paper was carried out in a most interesting manner. After the rendition of the programme Professor Washington Catlett, made a short address which was well received. Professor Catlett mentioned the splendid work that has been done in the school the past year. The enrollment has been 63 which is considered very good indeed. Members of the school committee were present and expressed themselves as being pleased with the results of the year and said they hope that the teachers would return next year. Miss Kara Reid, of Lexington, is principal, and Miss Janie Ketchum, of Greenville, assistant.

Mr. and Mrs. Daniels Bereaved.

Friends in this city of Mr. and Mrs. Willie B. Daniels, formerly of this city but now of Charleston, S. C., will tenderly sympathize with them in the death of their infant child which occurred there last night. Mr. Daniels is now engaged in the plumbing business there but the remains of the child will be brought to Wilmington for interment, arriving on the late train from the South tonight. The announcement of the funeral will be made later.

Bowel Tonic For Old Folks Free

No matter how sound and healthy old people are they still suffer with their bowels. The machinery of the system doesn't work as it did when they were young and active. But while you can't restore youth you can help age to live more pleasantly.

That a laxative is needed every little while by people as they get around fifty and beyond, there is no doubt, but it is important which laxative is taken. Old people, women and all, except those who are in the prime of life, should avoid anything that gives a shock to the system and which at best is but a temporary expedient. Among these are pills and cathartic tablets, salts and purgative waters. They are too strong and only do temporary good. Not only that, but they really bind the bowels next day.

What you want is something that will regulate the bowels and again get them in the habit of performing a certain function at a certain time, while at the same time toning and strengthening the muscles of the stomach and bowels. Such a remedy is Dr. Caldwell's Syrup Pepsin, and if you have never used it let the doctor send you a sample bottle free of charge. In this way you can try it without cost. All druggists sell it at fifty cents and one dollar a bottle, and those who have used it will continue to buy it. It is pleasant to take, very effective and very economical as a household remedy, as all the family can use it. But Dr. Caldwell is eager to have all readers unacquainted with it to send for a free sample.

Thousands of old people and heads of families are never without it, for in this way they cure and avoid constipation, liver trouble, indigestion, sour stomach, sick headache, sleepiness after eating, belching and similar stomach, liver and bowel disturbances. Mrs. Tillie Homan, 404 Wautanga street, Knoxville, Tenn., and T. H. Marshall, Nail, Okla., as well as thousands of others, attribute much of their present good health to this grand laxative tonic.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 455 Caldwell building, Monticello, Ill.

NASH SUPERIOR COURT.

Judge Ward Presiding for First Time. School Elections—Harmony.

(Special Star Correspondence.)

Spring Hope, N. C., May 3.—Nash Superior Court met at Nashville Monday for the trial of criminal cases. Judge D. L. Ward, of Newbern, recently appointed to take the place of Judge O. H. Guion, who resigned, is the presiding judge. Judge Ward in his charge to the grand jury, made a most favorable impression upon Nash county people. Nash folks are delighted to have him hold his first court in their midst. Civil term of court will be held next week.

At a meeting of the county commissioners three more school elections were called for June 4th. Two of these are in North Whitakers township and the other in Ferrell's township. If the elections carry, and they will carry for the most progressive people of the county live in these districts, all of North Whitakers township will have local tax, and there will be only one school in Ferrell's left without the local tax. The school authorities feel much encouraged with the outlook. There are already 17 local tax districts in the county, and 11 other elections will be held before the June tax levy is made.

A meeting of the Democratic executive committee and of representative Democrats from all over the county was held Monday at 2 o'clock in the county Court House to discuss the advisability of holding the primary under the act passed by the last Legislature, which was set for June 25th some weeks ago. It had been learned that some of the folks objected to some of the features of the act passed for Nash and Halifax counties by the last Legislature. It was decided Monday to not make the nominations under the primary act, but in a primary similar in every way to those held in the past. The decision to do this was seemingly unanimous. There seem to be no discensions or strife among the Democrats of Nash. They seem to be united for the good of the party. The meeting Monday was most harmonious.

AN "AFFINITY" DEVELOPED.

Disappearance of Young Woman in Nash is Explained.

(Special Star Correspondence.)

Rocky Mount, N. C., May 3.—Friday night's tragedy that put the tongues of many in the city to wagging, when the report that Mrs. Whitfield, a young white woman, had drowned herself in Tar river, has resolved itself into a situation entirely different from what was first reported and after a thorough investigation by the police of the city it was learned that the woman had not gone near the river but that her disappearance was due to the fact that she had run away from home with an "affinity" leaving her four small children, the oldest 12 years old, to the care of any person into whose hands they might fall. The woman wrote Mayor Thorpe a letter stating that she was going to take her life and after mailing the same she left the city with a man who had been paying her attention heretofore.

The executive of the city placed the children under the care of a kind neighbor, while the father of the children, who resides in Nash county, was notified of the procedure and told to send for the little ones. The cause of the woman's actions it is thought are due to the fact that her husband had practically deserted her and that their domestic relations had been far from pleasant.

On yesterday a wagon was sent for them and they were loaded in and carried to the home of their father's parents in Nash county near Nashville. Before leaving the city Mayor Thorne diked each of them out in a new suit which included apparel from head to foot.

DOINGS IN RALEIGH.

Three Murder Cases Argued—Big Rattler—Crop Estimate—Reward.

(Special Star Correspondence.)

Raleigh, N. C., May 3.—Thirteenth district appeals came up for argument in the Supreme Court this morning with three murder cases heading the list, Alexander, Watauga and Mitchell county furnishing one each. These three cases took up the entire time of the court today.

The biggest Diamond rattlesnake ever found in North Carolina has just been received at the State museum from Havelock, Craven county. It measures six feet long and has a circumference of nine inches at its largest point. It was shipped to the museum dead and as yet no details as to how it was killed have been learned here. It is being carefully preserved by Curator H. H. Brimley.

A reward of $150 is announced by Gov. Kitchin for the murderer of S. Menshaw in Halifax county April 16th. There seems to be at this time no clue to the murderer. Menshaw was shot in his buggy while driving along the public road, his companion not having known that he was shot until he fell forward from his seat.

Major Graham, commissioner of agriculture, says that he does not consider the damage to crops by the recent could snap at all serious although he has been unable to get any accurate information from any part of the State. He thinks the fruits are seriously injured in very few localties and that injury to cotton has been very insignificant. He believes that the whole South will most probably round up at least a normal crop of cotton if there is to be no further serious set back.

PORTRAIT OF MR. W. H. OLIVER.

Presented by the Trustees to the School—Address by T. A. Green.

(Special to News and Observer.)

Newbern, May 2.—A portrait of Mr. W. H. Oliver was unveiled at the Griffin auditorium after an excellent musical programme. The address was delivered by Mr. T. A. Green, who did the unveiling and presented the picture to the school in behalf of the trustees. The lovable character of Mr. Oliver was held up for emulation.

IMPROVE COURT HOUSE.

Committee Appointed to Look After The Work, Which Will be Rushed.

(Special to News and Observer.)

Smithfield, May 2.—The Board of County Commissioners in regular session today appointed Sam T. Honeycutt, S. L. Lemay and F. H. Brooks a committee to have the court house plastered overhead, painted inside and out, and otherwise beautified. The committee will have the work done at once in order to have it ready for home-coming week, May 16th.

WHITE MAN'S ANCESTOR.

Bequeathed Afflictions From Which Negro of Today is Free.

Washington, May 3.—The white man's educated ancestor has bequeathed to him a lot of afflictions from which the negro of today is free, according to the declaration of Dr. J. L. Minor, of Memphis, Tenn., made to the American Ophthalmological Society, one of the constituent organizations of the Congress of American Physicians and Surgeons, which began its sessions here today.

A comparative study of children in the two races, Dr. Minor said showed that negro children had a better average of normal vision than white children and that the negroes showed a remarkable absence of refractive errors.

The existence of these characteristics in children, he contended was due to ancestry. He said that old age did not make the inroads on the eye of the negro that it did on a white person, and that masculine defects were infrequent in the negro. Cross eyes were almost unknown among negroes, he added.

On the other hand, he said, trachoma often was seen among colored people.

WILL OF "MARK TWAIN."

Leaves Entire Estate to Daughter—Valued at $180,000.

Redding, Conn., May 3.—The will of Samuel L. Clemens, (Mark Twain) was filed for probate here today, and leaves the entire estate to th surviving daughter, Clara Langhorne Clemens, wife of Ossip Gabrilowitsch. The amount of the estate is not given. The will was drawn August 17th, 1909.

The home, Stormfield, is valued at $30,000 and there is thought to be about $150,000 on deposit in banks. No estimate has been made of the literary assets, but they will be gone through by the trustees of the will later.

The will says that his daughter, Clara, and his biographer, Mr. Paine, know his desires as to his literary assets and directs that the trustees be guided by them at their disposal.

STEAMER STILL ASHORE.

German Tramp Roland Near Currituck —Will be Lightered.

Norfolk, Va., May 3.—The German steamship Roland, from Galveston to Bremen with a cargo of cotton, which stranded on the Currituck shoals during a dense fog Sunday night, was today still hard aground, all efforts to float her having proved futile.

In addition to the wrecking barge Haggarty sent out from Norfolk today in tow of the salvage steamer Coley, the barge Chittenden was started today from New York in tow of the steamer I. J. Merritt. Both barges will be used in lightering the cargo of the Roland.

COULD NOT WASH DISHES

In Such Misery Her Husband Begged Her to Take Cardui—So Says Mrs. Bishop, of Waverly, Va.

Waverly, Va.—"I suffered miserably every month," says Mrs. Mattie L. Bishop, of this place, "and everything I ate would put me in such misery I would have to go to bed until it wore off. I could not even wash my dishes after a meal.

At last my husband begged me to take Cardui. I had tried so many different kinds of medicine, I didn't want to take it, but agreed to try it for his sake.

Before I had finished one bottle, I could eat all I wanted, and could do all my work all right. Now I feel all right, and suffer each month but very little pain."

If you are ailing, suffering from any of the troubles so common to women, or if you are merely weak and lack life and energy remember that there is, on the shelf of your favorite druggist, a bottle of Cardui, waiting for you, ready for instant use, ready to give you relief, to build up your strength, to make you feel young, and fresh, and hopeful.

The bottle is there.

Will you get it?

It May Be Your Husband

MAYBE you sit at home at night by the window and keep up the lonely vigil. Maybe on evenings when he is a trifle late you have your fears and misgivings. Maybe there are friends with you and you fear the humiliation of his coming home inebriated.

Why not take away the awful shadow? You *can*. Send him to us at the Greensboro Keeley Institute. Have him spend a vacation amid surroundings where science and nature have combined to make a new man of him.

It will end the worry and despair, and he will return to you with a brighter eye and firmer step. A man in every sense of the word—the real, real man that you married. Our book gives you every detail

THE DAY IN CONGRESS.

Tariff Agreement Provision Stricken From Railroad Bill.

Washington, May 3.—In both the Senate and House the traffic agreement provision was today stricken from the railroad bill.

The Senate went still further and struck out Section 12 dealing with the combination of railroads which section was not considered by the House today.

The long and short haul clause of the House bill was agreed to by the House in the form in which it came from the committee, except that it provided for an investigation by the Interstate Commerce Commission of data relating to that class of rates.

A House bill creating an art commission for Washington was passed by the Senate.

DR. NOAH DAVIS DEAD.

Held Chair of Moral Philosophy at University of Virginia.

Charlottesville, Va., May 3.—Dr. Noah Knowles Davis, who until his retirement four years ago had held the chair of moral philosophy in the University of Virginia, died today. He was a distinguished scholar and author, who had been educated at Mercer University, Georgia. At one time he was president of Judson Institute and at another head of Bethel College, Kentucky. Aside from being the author of many works on logic, psychology and ethics, he had written "Juda's Jewels" and the "Story of the Nazarine," a study in Hebrew.

UPHOLDING THE LAW.

The Star yesterday morning carried a dispatch from Washington, giving synopses of decisions of the United States Supreme Court well calculated to convince the trusts that they are making a hopeless fight against public sentiment and are making futile efforts to overthrow laws for their regulation and suppression, if need be.

The Supreme Court's affirmation of a decree of the Supreme Court of Mississippi makes it plain that no combination shall be entered into that will restrain trade by preventing competition; that a combine which will result in monopoly cannot stand. That should make it useless for any further combinations and conspiracies to seek the overthrow of the law by some technicality that astute lawyers might think will have its weight with the court of final jurisdiction at Washington.

The affirmation of the decree of the Supreme Court of Tennessee is a plain indication that a State can oust from its borders any corporation that violates its laws, passed with a view to protecting the public against wrongful methods and for the purpose of guaranteeing the right of other corporations and individuals to do business without being crushed by cut-throat methods. This ought to settle it that no corporation and no individual shall be allowed to suppress another for the purpose of eliminating competition in trade.

The trusts and combines should now accept the inevitable and comply with the National and State laws that represent the power of the States and the Nation. These affirmations of the Supreme court of the United States mean an enforcement of the laws when they are constitutionally established. It is as much the duty of the trusts and combines to obey the laws as it is the duty of all law-abiding men to obey the laws of the States and the Republic. Laws are passed for the protection of society and of the rights of men, and those who disobey or violate them take rank among the lawless element.

Some laws are held in contempt because they are not in acordance with the interests and wishes of public sentiment. The public sentiment which violates any law is lawless and the public sentiment which does not stand for the enforcement of laws that are on the statute books for the good of a community and of a State and of a Nation represents a condition well calculated to breed anarchy. It matters not what is our opinion of the wisdom of a law, all good citizens must stand for its enforcement. The duty of a citizen is to abide by the laws himself and see to it that others do the same. The law-abiding man and the man who votes for the best interests of his country constitute the mainstay of civilization.

In an interview at New Orleans, Dr. Anna Shaw, the able woman suffrage advocate, said President Taft's speech before the recent suffragette convention at Washington was grossly ill-timed. "The fact is," said Dr. Anna, "the President was not prepared to speak at all. Mr. Taft does not know where he stands on the woman suffrage question." That's where Colonel Roosevelt has President Taft skinned to death. The Colonel had a way of pretending that he knows something about everything and could talk on it to suit the occasion.

A newspaper dispatch tells us that a Missouri farmer and his daughter have fallen into the clutches of Uncle Sam for conducting a "fraudulent matrimonial bureau." The guys and guyesses who sent them their money through the mails under the impression that they would get a good wife or a worthy husband, would get a view of nature's simpletons if they could get a glimpse of themselves in the lookingglass of the matrimonial bureau.

A cablegram from Paris declares that Roosevelt will endorse Taft. It remains to be seen in this Fall's elections whether the people take the Roosevelt endorsement as seriously as he takes it himself. The record of the Taft administration will be the issue and not Roosevelt's endorsement.

The unkindest cut of all. The Greensboro News (Republican) says: "A stranger—a man who had never heard of North Carolina before—could read last Sunday's News and Observer and judge correctly that the Republican party is the decent party in this State." Now, won't the Wake Democrats be good!

That rough house among the unterrified Democracy at Raleigh last Saturday was because one faction wants to do away with the fee system of paying off county officers. The "Ins" evidently had their fee-lings hurt.

THE NATION'S GARDEN SPOT.

The South, and especially North Carolina, should come in for a big share of attention during the "back to the farm" movement which is now creating widespread interest in every State in the United States. There has been no time in the history of the country when so much attention is being given to the agricultural possibilities in the various States. Homeseekers are now getting full benefit of information about the various States and even the government is getting out bulletins for distribution where they will do the most good.

North Carolina has room for a million more people and the advantages of the State, if they were made known, should attract thousands of people who could be induced to come here and buy land that is cheap and farm where they can be close to the great markets of this country. Our great variety of money making products would make all the conditions doubly more attractive to people who may want to settle where a living can be made easier than in any place on the globe.

The great "back to the farm" convention now in session at St. Louis is presenting the opportunities of the South in a manner that has never before been conceived. The plan of the St. Louis movement is for syndicates to buy tracts of land and divide them into forty-acre farms, upon which homes and farm buildings are to be erected. Each forty-acre farm will be offered to a person who can lease it or buy it upon easy terms. Because the farms are to be small, the homes will be close together, practically making agricultural villages, each to have its school and the various social organizations which will obviate the loneliness and isolation of country life. Something like this can now be seen in the colonies of the Carolina Trucking Development Company, of Wilmington, which has settled quite a number of people on lands in New Hanover and adjoining counties where they are building up prosperous communities, and as is contemplated in the reclamation project in Pender county in connection with the Angola Bay lands.

The synidcate plan for bringing settlers to the South is the best that could be devised. It will offer good investments for capital and the promoters of settlements will be in a position to furnish financial aid to their settlers till they can get a foothold and become independent.

KNOCKER AND KICKER.

The Baltimore Sun is in accord with the Star in its animadversion on the knocker but it is a friend to the kicker. Our esteemed Baltimore contemporary draws a nice distinction between the two, showing the possibilities for usefulness on the part of the kicker but it gves the knocker his well deserved swat. See what the Sun says:

"There is a great gulf between the 'knocker' and the 'kicker.' The latter is an efficient and often an indispensable factor in the maintenance of good government. Without the 'kicker' there would often be inefficiency and perhaps stagnation in municipal, State and National administration. Abuses would never be corrected; there would be no progress. In the case of a certain class of public officials there would be flagrant indifference to the welfare of the community, if not open exploitation of the people. The 'kicker' is, therefore, a necessity—an aid and inspiration to good government—when his activities are prompted by a public spirited desire to improve the methods of government and to get results which will conduce to the advantage of his fellow-citizens. Every important and useful advance in government has been the work of 'kickers.'

"The right, of the citizen to kick against abuses in municipal administraton is recognized by the official publication of the city of Boston, the 'City Record.' In a recent issue it advised the citizens of the Hub how to make complaints about inefficency in any of the departments of the government of that city. It suggested to them to write to the heads of departments in which there was just ground for public complaint, and if these officials fail to reply in a reasonable time to bring the matter directly to the attention of the Mayor. Thus Boston not only approves, but encourages the 'kicker.' It recognizes his usefulness and stimulates his actvities. A city without 'kickers' is either a city with a perfect government and with no room for improvement or it is a city in which the people are indifferent to their own welfare and progress is an unknown element. The 'kicker' has a work to do, and if he does it in the right spirit he is an agency for good. But there is no place for the 'knocker.' He is a menace to every community in which he is tolerated. He is an agency of destruction, the mouthpiece of calamity and stagnation. On the other hand the 'kicker' who kicks wisely and well is often a builder, a man who produces results, and therefore an ally of progress."

A knocker is the fellow who opposes propositions for the benefit of his town and grouchily blocks the progress of reform in any direction. A criticism aimed at bettering a condition, correcting an evil and intended to promote improvement and progress is not knocking. The kicker causes the rigat thing to be done and the knocker keeps it from being done.

A Philadelphia judge has decided that a wife has the right to command her husband to wash clothes. If the Philadelphia husband knows himself he will make it convenient to take the train out of the city on wash day.

The two wings of the Wake county Democracy evidently have lost confidence in each other's veracity and integrity. An eagle whose wings won't flop together will not get far away from where it will soon be trampled under foot.

Lord Kitchener, the distinguished British general, who has been seeing the sights in New York, pronounces the Gotham girls the prettiest he ever saw. He should see the fascinating North Carolina specimens. That would bring on more talk.

A contemporary remarks that "the Republican party will have to take what's coming to it." The trouble with the Republican party heretofore has been that it would take more than is coming to it.

"Capital is shy of taxation" remarks the Charlotte Evening Chronicle. Judging from the way that taxes are dodged, capital is not by itself when it takes to the woods as the tax assessor comes in sight.

Gee! This is what the bumptious Winston-Salem Sentinel hands out: "Winston-Salem's position as the first city in the State is not easily assailed." That surely is a rash statement right in the face of the census enumerators.

There is a constant struggle on the part of men to gain riches or reputation. Some men have an idea that notoriety answers the same purpose as reputation and they act accordingly.

A row in a Democratic camp sounds like a collision between a thunder storm and a train load of dynamite.

Official reports show that the Panama canal diggers have excavated 103,795,000 cubic yards, or all the original plan called for. On this basis the canal would be complete except as to the concrete work for the dams and locks, which is now well under way after having been, like the excavation, enlarged considerably beyond the original design. One remarkable feature of the work is that its progress has exceeded the estimates, although those estimates were generally considered rather sanguine. The excavation remaining to be made is about 71,000,000 cubic yards. Colonel Goethals' positive declaration that ships will pass through the canal on or before January 1, 1915, becomes more and more worthy of acceptance.—Charlotte Observer.

The strength of Raleigh banking institutions is a matter for genuine city pride. The recent evidence of confidence in the Citizens' National Bank was shown in a striking manner. That bank offered 1,000 shares of stock at $1.60 per share and received without solicitation subscriptions for 1,646 shares, or subscriptions for $103,360 more stock than the bank will issue. This, too, at a time when State and government bonds are lower than in a decade. The leading banking magazines in the country regard this acknowledgment as worthy a special article showing that it is an expression of confidence of which President Brown and the officers have cause to be proud. And it is a matter, too, for pride for all Raleigh.—Raleigh Nesw and Observer.

From Rochester, N. Y., to Wilmington, through the "inland route" is a trip which a party in the latter city have planned to take in a yacht recently purchased by one of its members in the former city. Their journey, according to a Wilmington Star news story, will be down the Erie canal to the Hudson river, and down the Hudson to New York. Leaving New York their course will be down the Raritan canal to the Deleware to Trenton and on into the Chesapeake canal to the Chesapeake Bay. Leaving the Chesapeake they will enter the Dismal Swamp canal at Norfolk and pursue this route to the North Carolina sounds. It is an interesting though seldom recognized fact that towns on the North Carolina sounds are connected by an all-waterway with points in the interior of New York State and that passage by boat can be made between them.—Charlotte Observer.

JOHN DANCY RETIRED.

The Negro Who has Held $5,000 Job in Washington for Eight Years.

(Special to News and Observer.)

Washington, D. C., May 2.—John C. Dancy, of North Carolina, retired today as Recorder of Deeds of the District of Columbia, a five thousand dollar position that he has held for eight years. His office force presented him with a Masonic gold ring studded with diamonds, and he also received from Galbraith A. M. and Zion Church as a token of regard a silver pitcher, goblet and stand.

I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Robt. R. Bellamy.

AFTER ASHEVILLE DEALERS.

State Officials Looking to Enforcement of Pure Food Law.

(Asheville Citizen.)

"Ice cream compounded for sale here" will be the sign displayed by many dealers in cold refreshments in North Carolina from now on. According to the State food chemist "Ice cream" must be as its name signifies, frozen cream with sugar as a sweetening, and all substitution is illegal.

Dr. W. M. Allen, State food chemist, and Inspector R. C. Lineback, are in the city, registered at the Swananoa hotel, on various matters connected with the pure food law enforcement, and yesterday they were ready to prosecute four soft drink dealers for substituting beer for "near beer" and two grocers who were indicted for selling adulterated butter. All ofthe parties have entered pleas fo nolo contendere. At the term of the United States court which convenes Tuesday, Dr. Allen will appear as witness in the case of the United States against Kernan, a local man, who is charged with selling imitation butter without paying the required tax.

When asked about the work of the pure food division of the State Department of Agriculture, Dr. Allen stated that an important campaign is to be carried on this Spring and Summer against dealers in bogus ice cream.

"The fight will interest everyone," said Dr. Allen, "for a large majority of the dealers are imposing on the people. Ice cream is a product of a mixture of cream and sugar with a natural flavoring and must contain no less than 14 per cent. milk fat. Nut or fruit ice cream is composed of milk or cream, fruit or nuts and must have not less than 12 per cent. milk fat. Any substitutes for ice cream which contain gellatin or eggs or any substitute for ice cream must be sold as either 'compound ice cream' or iced gellatin or egg cream. The State law as to ice cream has been sent to every dealer and anyone found violating it by selling a substitute as 'ice cream' will be prosecuted. The penalty on conviction is not over $300 for the first offense."

GETTING READY TO GRADE.

Work Rapidly Rounding Up for R. & S. Railroad Extension.

(Special to Greensboro News.)

Raleigh, May 2.—President J. A. Mills, of the Raleigh and Southport Railroad, says that his company is rapidly rounding up the preliminary work for the extension of his lines from Fayetteville on to Clarkton and beyond in Bladen county and he is only awaiting now an opportunity to secure a squad of convicts to put on the work of grading. He hesitates, he says, to start out just at this time with his work using day labor, for the reason that it would mean that the farmers throughout that section would be greatly interfered with in the matter of keeping farm labor; in fact that this move on his part would mean the complete ruin of many crops now being gotten under way. He hopes to be allotted a good big squad of convicts, he says, very soon now, having had for some time an application on file with the governor and the State's prison management.

ELOPEMENT HAS TRAGIC END.

Death of Ida Markham, 16-Year-Old Who Eloped With Her Uncle.

(Charlotte Observer.)

Durham, May 2.—Ida Markham, the 16-year-old girl seduced by her uncle, Hilman High, who has since convicted and sentenced to the roads for six years, died last night in Wake after becoming the mother of a child.

The young girl is reported by her parents today as testifying in the last hours of her agony that High forced her to yield to him at the point of a pistol. She was the daughter of J. C. Markham, a prosperous tobacco farmer of Wake. The two eloped in September of last year and were caught in Richmond. The burial takes place tomorrow.

RALEIGH MASS MEETING.

Another Called for May 14th—No Peaceful Settlement.

(Special Star Correspondence.)

Raleigh, N. C., May 3.—While no official call has yet been made, it is understood that there will be another mass meeting called in Raleigh by Mr. J. W. Bailey, Editor Josephus Daniels and their wing of the Democratic party, May 14th. This probably to be the starting point for a series of local township conventions that are to be held in every part of the county before the June primaries.

It seems to be generally realized here that the fight that was fully launched Saturday in the sensational mass meeting between the two factions of the Democratic party is past all possibility of compromise and that the death of one or the other must be accomplished in the coming primaries, provided it is possible to reach any nominations at all with the sharp division that clearly exists. Then they are facing the danger of coming out of the primary conflict with not enough adhesion to poll the party strength in the general election, with the result that the Republicans would have the finest sort of a chance to elect their ticket.

Hickory, May 2.—Harris & Little shipped 170 crates or 5,100 dozen eggs on April 28—a big carload. This is said to be the largest shipment ever going out of this leading egg emporium of North Carolina.

CITY PHYSICIAN'S VIEWS

Dr. Joseph Akerman Makes Two Important Recommendations to Aldermen—Clerk for Health Office—Scavenger Work.

Dr. Joseph Akerman, city superintendent of health, Monday addressed a communication to Chairman S. J. Ellis, of the Sanitary Committee, containing two important recommendations to the Board of Aldermen with reference to the health department of the city. It was expected that the communication would be read before the board Monday night, but it was not reached. The following is the letter of Dr. Akerman:

"Wilmington, May 2, 1910.

"Mr. S. J. Ellis, Chairman Sanitary Committee, Wilmington, N. C.

"Dear Sir:—After studying the conditions in the health department for one year I would like for you to present at least two recommendations to the Board of Aldermen for their consideration.

"First, I would recommend that instead of employing four health officers we employ a clerk and three health officers. This would give us three men for the outside work. I did not recommend this sooner because I did not think it fair to the men to make the change during the fiscal year. I believe a girl could do the office work as well and at some saving to the city. At present we have to keep a man in the office practically all the time or put the public to great inconvenience, as permits of various kinds must be obtained at all times during the day. This gives us, as it is, only three men on outside duty at a time. It is true this is a small force but we would lose nothing in numbers by the change.

"The second recommendation is in reference to the scavenger service. It seems to me that the system in vogue in Raleigh, N. C., presents certain advantages over any I have learned of in considerable correspondence on the subject. The leading features are as follows:

"Any person desiring to maintain a surface closet secures a license paying an amount sufficient to keep the place cleaned for a year. If deemed advisable the payments could be made semi-annually or quarterly. After the license is issued the city relieves the individual of necessity of securing a scavenger. Should the holder of a license desire to change his residence he would be required to secure transfer of his license to his new residence.

"Whether the city does the work with its own labor and equipment, by contractor in the manner now in vogue the proposed method would secure several advantages. First, the registration of addresses and payment in advance would obviate difficulty of cleaning vacated premises. This is often a difficult problem under our present system. Many rented houses are owned by absent landlords and valuable time is lost in fixing responsibility for putting premises in order.

"Again the cost and difficulty of collection adds much to the cost of the actual work. Doubtless the work could be done cheaper if collectiaons were more sure. The issuing of notices, warrants and appearing in the police court as witnesses takes up much of the time of our men, especially when each individual cleaning is carried on as a separate issue.

"Another advantage would be the ease of a transfer to a sewer system as it is extended. The license could be made transferrable to a sewer rent.

"Finally, the promptness in service would materially improve sanitary conditions. Yours truly,

"JOSEPH AKERMAN,
"Superintendent of Health."

CHAMBER OF COMMERCE.

Annual Meeting Tomorrow—Officers Will be Elected.

A meeting of the executive committee of the Chamber of Commerce will be held today preliminary to the annual meeting and election of officers tomorrow. As usual considerable interest is being manifested by members in the election and the meeting for Thursday.

The election will be in progress from 12 o'clock until 3 o'clock on the day named. A president, vice president and the executive committee for the ensuing year will be chosen. At the meeting today the work of the past year will be gone over, as submitted by the secretary, Mr. J. A. McGeachy.

The annual meeting will be held at 4 o'clock tomorrow afternoon and it is especially urged that the full membership be present.

Another Charlotte Excursion.

Yesterday's Charlotte Observer says: "Negotiations are on between officials of the Seaboard Railroad and the superintendents of the Pritchard Memorial Baptist Sunday School for an excursion to Wilmington and Wrightsville this Summer. The date has not been settled yet but it is probable that the train will be run June 28th or 29th. This will be the eighth annual trip and every year they have been exceedingly delightful in every way. These annual events have attracted good crowds and it is safe to say that many will take advantage of the cheap rates this Summer."

Assaulted Woman With Stone.

Charged with assaulting Mamte Ross, a colored woman, with a stone, Elisha Mack, colored, was tried yesterday at 11 o'clock before 'Squire McD. Evans and sent over to the Recorder's court for trial today under bond of $50. The woman asserted that Mack struck her on the arm with the stone, inflicting painful injury. He was sent to jail to await trial.

IMPORTANT BANK CHANGES

Mr. M. J. Heyer Retires From Presidency of Southern National and Atlantic and Mr. Chas. N. Evans is Elected.

Changes in officials of two of the best known and most successful banking institutions of Wilmington took place yesterday, when Mr. Matt J. Heyer, on account of temporary impairment of health, retired from the presidency of the Southern National Bank and the Atlantic Trust & Banking Company, and Mr. Chas. N. Evans, formerly cashier of the Southern National, was elected as his successor as head of both institutions. This is one of the most important business changes in Wilmington in some months and will be learned of with great interest in banking circles throughout the Carolinas.

Mr. Heyer has been suffering recently from a malady that, while not at present serious, yet one that requires absolute rest and quiet for some months and his physician advised that he retire from active business for awhile and go away where he will not be annoyed with problems such as are encountered in the banking business. Acting upon this advice, Mr. Heyer, at the regular monthly meeting of the board of directors of the Southern National yesterday morning at 11 o'clock announced with sincere regret that it was imperative that he retire from active management of the institution of which he has been president since its organization nearly five years ago. He placed in nomination Messrs. Chas. N. Evans and Jurgen Haar to fill vacancies on the board of directors. The motion prevailed. In tendering his resignation as president, Mr. Heyer spoke feelingly of the institution, of how dear it was to him, and in conclusion called attention to the excellent record of the bank and its great prospects for the future. The resignation of Mr. Heyer was accepted with deep regret by the directors, but, understanding the situation, they did not insist upon his continuing as head of the institution. Messrs. J. A. Taylor, L. Hanson, Z. W. Whitehead and D. L. Gore, of this city, and Mr. S. O. Middleton, of Hallsboro, paid eloquent tributes to the business ability of Mr. Heyer and feelingly expressed deep regret that his health necessitated his retirement from the institution he loved so well.

The board then entered into an election of a successor to Mr. Heyer, Mr. Chas. N. Evans, cashier of the institution since its organization, being unanimously elected president and Mr. J. W. Simpson, for the past few months assistant cashier, was named as cashier to succeed Mr. Evans.

The present officers of the bank are: President, Chas. N. Evans; vice presidents, D. L. Gore and Hugh MacRae; cashier, J. W. Simpson. The board of directors as now constituted: Chas. N. Evans, president; D. L. Gore, Hugh MacRae, Z. W. Whitehead, J. A. Taylor, J. H. Rehder, L. Hanson, Isadore Bear, Eduard Ahrens, Matt J. Heyer and Jurgen Haar, of Wilmington; S. O. Middleton, of Hallsboro; C. C. Pridgen, of Tabor, and H. C. Bridger, of Bladenboro.

At the regular monthly meeting of the Atlantic Trust & Banking Company at 4 o'clock yesterday afternoon, Mr. Heyer also tendered his resignation as president of that institution and the same was reluctantly accepted. Mr. Chas. N. Evans was elected president in his stead. The other officers of the bank are: B. H. J. Ahrens, vice president, and Milton Calder, cashier. Messrs. C. N. Evans and Jurgen Haar were elected directors to fill vacancies on the board. The board of directors is now composed of the following: Chas. N. Evans, president; B. H. J. Ahrens, vice president; L. B. Rogers, John H. Kuck, C. W. Yates, J. G. L. Gieschen, B. Solomon, Chas. J. Mitchell, B. O. Stone, I. Shrier, Matt J. Heyer and Jurgen Haar. All members were present with the exception of Mr. Shrier, who was out of the city.

The directors of the institutions are indeed fortunate in being able to command the services of such an able man as Mr. Evans, who is one of the best known, in fact, very probably the best known, banker in North Carolina, being thoroughly familiar with every detail of banking and having ascended every rung of the ladder to his present enviable position. Mr. Evans' banking experience covers a period of 27 years. His first position was with the Bank of Reidsville, beginning in 1883 as "runner", the most insignificant position in any bank. When he attained the age of 21 years he was cashier of the institution and he filled every position in the institution with that same ability that has marked his career in Wilmington banking circles. He was connected with the Reidsville Bank for about 20 years, going to Charlotte as cashier of the Farmers & Merchants' National Bank in 1902, succeeding Mr. John M. Miller, who is now prominently identified with banking interests in Richmond, Va. Mr. Evans was with the Charlotte bank for three years, resigning in September, 1905, to come to Wilmington to accept the position of cashier of the newly organized Southern National Bank, which place he has filled ever since with rare ability. His promotion to the presidency of the institution is a fitting recognition of his ability and faithfulness to every trust reposed in him. In his enlarged sphere he will doubtless show that same good judgment and progressive spirit that has marked his entire career and the Southern National and the Atlantic will go forward to even greater accomplishments under his guidance. Only last week Mr. Evans was elected president of the Bank of Rose Hill and a director of the Tidewater Power Company. He is the energetic president of the Commercial Club and is prominently identified with all that is for the advancement of Wilmington.

Mr. J. W. Simpson, who succeeds Mr. Evans as cashier of the Southern, is a young man of great ability, who has made his way in banking circles by faithfulness to every duty. He is one of the youngest men in the State holding such an important position. He received his first bank training under Mr. Evans in the Farmers & Merchants' Bank, Charlotte, beginning as runner and working up to head bookkeeper and assistant cashier. He came to Wilmington the 8th of December last as assistant cashier of the Southern and has held this position with signal success. Both he and the bank are to be congratulated upon his elevation to cashier.

Mr. Heyer expects to leave in a short time for the North, where he will consult specialists and will probably go from there to Europe for a stay of some months. His many warm friends hope that his trouble will not prove of serious nature and that he will soon be restored to his usual excellent health.

Mr. Evans stated yesterday that the policy of the banks will not be changed under the new management. As heretofore the banks will concern themselves first in the upbuilding of Wilmington and Wilmington enterprises.

CARNIVAL AT GREENFIELD.

Opened in Full Blast Last Night With Large Attendance.

Owing to a delay in the arrival of the paraphernalia, the carnival at Green Lake Park, more commonly known as Greenfield, did not open in full blast until last night when all of the ten big attractions were open. There were several hundred people on the grounds and to all appearances they heartily enjoyed the attractions offered by the John R. Smith's Big Shows. Monday night and yesterday afternoon the Old Plantation was the only show that was open and it was well patronized at each performance. The Tidewater Power Company will provide ample car service and Mr. John R. Smith, proprietor and manager, stated yesterday afternoon that he would provide ample special policemen and that the very best of order would be maintained. Mr. Smith says that it is currently reported that he will move his shows up-town but such will not be the case. He has arranged for all police protection and good order at his present location.

OUT OF CUTTER'S DISTRICT.

Big German Tramp That Went Ashore Near Currituck—Repairs.

The revenue cutter Seminole, Capt. Crisp, returned to port yesterday morning from Southport where she received a wireless message Monday night stating that the German steamer Roland was ashore near Currituck, which is beyond her cruising district. The Seminole received two wireless messages regarding the Roland, responding to the first, which stated that she had grounded on the North Carolina coast, but failed to give her location.

Capt. Crisp stated yesterday that he thought the Seminole would be ordered to dry dock within the next month for the regular Summer overhauling. It is now probable that the cutter will not be ordered to patrol during the inter-collegiate races in Northern waters.

Alderman F. W. Bonitz May Accept.

Noticing in a recent issue of the Morning Star that Alderman Fred W. Bonitz, chairman of the Streets and Wharves Committee, had been invited by Mr. T. S. Franklin, president of The Carolina Municipal Association, to deliver an address before the organization in Winston-Salem in June on the sanitary question, of which the alderman has expert knowledge, Mayor O. B. Eaton, of Winston, has written a letter to Mr. Bonitz urging acceptance of the invitation. Mr. Bonitz and Alderman S. J. Ellis, chairman of the Sanitary Committee, were named by Mayor MacRae Monday night as delegates to the convention from the Board of Aldermen. It is probable that Mr. Bonitz will accept the invitation to address the representatives of the various municipalities of the State.

The Recorder's Court.

In the Recorder's court yesterday morning George Williams, colored, who engaged in a lively encounter with another negro at 13th and Princess streets Saturday afternoon, was found guilty of firing a gun in the city limits and was fined $5 and costs. A case against him for assault with deadly weapon was nol prossed as the negro he is alleged to have shot at has not yet been located. Hartsfield Crandall, a young white man, was found guilty of simple assault and let off with costs. Minnie Clark, colored, who was arrested on the charge of assault with deadly weapon, but which charge could not be sustained, was rearrested on the charge of drunkenness and disorderly conduct and the hearing was set for Saturday.

The Value of Proprietary Medicines is proven by the very large percentage of physicians' prescriptions for same remedies found in every drug store in America, but as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

AUDIT AND FINANCE BOARD

Regular Semi-Monthly Meeting Held Last Night—Engineer Ordinance to Committee—Other Matters Considered.

The regular semi-monthly meeting last night of the Board of Audit and Finance was featured by the consideration of a number of matters of more or less importance. Chairman Heyer presided with Messrs. Wilder, Tiencken and Cooper, members of the board; Capt. Thos. D. Meares, the clerk, and City Attorney Herbert McClammy, in attendance. The board was in session for more than two hours.

Alderman Bonitz, chairman of the Streets and Wharves Committee, made a statement with reference to the lease by the Board of Aldermen Monday night of the wharf at foot of Princess street to Capt. J. W. Harper for the landing of the steamer Wilmington. Mr. Bonitz was not in favor of renting the wharf for $50 a year, the amount offered by Captain Harper, taking the ground that it was the only wharf in the city open to the public. He thought that if the wharf was rented to private parties it should command a higher rental. Later in the meeting, when the communication from the Board of Aldermen was read, the board refused to concur in the proposition. Mr. Bonitz also brought to the attention of the board the importance of having the city ordinances compiled and printed in pamphlet form, declaring that at present there was not a person in Wilmington who was familiar with the various and sundry laws governing or supposed to govern the city. City Attorney McClammy agreed with Alderman Bonitz and also spoke of the necessity of compiling the ordinances.

Alderman B. O. Stone brought to the attention of the body a resolution adopted by the Aldermen Monday night appropriating $500 for advertising purposes, the same to be used in a judicious manner by the local committee on entertainment of the North Carolina Press Association which meets here in June. Alderman Stone said that when the matter came up before the Aldermen he was somewhat uncertain as to his position but since then he had become convinced of the fact that it would be $500 well spent from an advertising standpoint. He referred to the fact that several cities of no more importance than Wilmington spend $15,000 to $200,00 annually for advertising purposes. The very fact that the Aldermen had made an appropriation for this purpose without being asked by any member of the city press was within itself a big advertisement for the progressive spirit of Wilmington. Alderman Bonitz, who introduced the resolution before the Aldermen, also made a strong speech in support of the appropriation.

When the matter came up later for action, Mr. Cooper moved that the board concur in the appropriation, it being understood that there was about enough money left from the Taft Day appropriation to cover the amount. While other members of the board looked with favor upon the proposition, Mr. Cooper's motion did not receive a second. Upon motion of Mr. Heyer, seconded by Mr. Tiencken, the matter was left open until the next meeting for further information from the local press committee as to how the money is to be expended.

Mr. Q. M. Fillyaw appeared before the board and asked to be relieved of payment of interest on back city taxes to the amount of $400. After some discussion, the request was granted upon motion of Chairman Heyer seconded by Mr. Tiencken.

The board concurred with the Aldermen in authorizing Capt. E. A. Metts, of the W. L. I. to call upon the Governor and ask for a refund of the $300 which was paid by the city to the Naval Reserves, recently disbanded.

The ordinance adopted by the Board of Aldermen creating the city engineering department was read by Capt. Meares. The first section of the ordinance provided for the election on Monday night of a city engineer for one year from date, but the Aldermen failed to comply with that section, it being stated in the meeting that the engineer was elected some time ago. However, the ordinance will go back to the Aldermen anyway and they may take up the matter at that time. Chairman Heyer appointed Mr. Tiencken as a committee of one, with the assistance of Capt. Meares, to make certain changes in the ordinance, to be approved by other members of the board, and sent back to the Aldermen for action. Among the changes suggested last night: That it be inserted that the engineer is to give his entire time to city work, that his salary be $2,500 a year, $700 to be paid out of the general city fund, and $1,800 by the Street Commission and also the Street Commission is to pay salaries of all assistants, etc.

Chairman Heyer said that it should be the duty of the city engineer to have charge of the water and sewerage improvements. In this connection he advanced the opinion that the city did not have the right to force the Sewerage Company out of business without paying something for the plant in use and which is fulfilling the functions of a sewer plant. In his opinion, and he voiced the opinion of most, if not all, the members of the board, the new city engineer should make an examination and ascertain the value of the present plant. Mr. Heyer thought that a portion of the plant could be used in the improved system.

The board concurred with the Police and Fire Commission in awarding to Mr. J. W. H. Fuchs the contract for furnishing Summer uniforms for the firemen and police and caps for the firemen.

Chairman Heyer stated that he desired the board to decide upon a temporary chairman as he expected to be absent from many of the meetings during the next few months. Mr. Heyer said that he would be here at the next meeting, May 17th, and it was decided to postpone action until that time. The bond of Mr. R. C. Cantwell, recently elected superintendent of the water works plant, for $20,000 with Messrs. J. V. Grainger and C. W. Yates as sureties, was accepted, subject to the approval of the City Attorney. After auditing the bills for the past fortnight the board adjourned.

THIN FOLKS MADE PLUMP.

Samose Ideal Flesh Builder Says Druggist J. Hicks Bunting.

Thin people are simply suffering from want of nourishment!

You can readily get plump and rosy by using Samose a tissue forming food which when taken with the meals, immediately becomes a flesh building and life giving element in the blood.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid cheek and removes the tired and languid feeling which is the result of exhaustion and low vitality.

J. Hicks Bunting is introducing Samose to their customers and recommends it highly. They give the best proof of their belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

The Gen. Schofield in Port.

The mine planter, Gen. Schofield, of the Quartermaster's Department, which for the past few weeks has been engaged in planting mines and in other work at Fort Caswell is tied-up at Skinner's wharf, where she is receiving minor repairs. It is understood that the Schofield will leave next week for New York, having completed the work required at Caswell. The steamer came here from Charleston.

At the Bijou Today.

"The Lamp Post Inspector," an excellent comedy subject, will be the feature of today's programme at the Bijou. Mr. Lambert gets a job at night so as to have a good time, but Mrs. Lambert puts an end to it after one experience. The other pictures will be found equally as interesting.

Ahead in Naval Stores.

The receipts of naval stores at the port during the past month show a decided increase over the same period last year in every item except rosin. The comparative showing is as follows: Spirits, 347 against 243; rosin, 2,009 against 5,225; tar, 3,509 against 1,721; crude, 555 against 479

Re-Painting the Wilmington.

For the past two days the steamer Wilmington, Capt. John W. Harper, has been tied-up at the wharf of the Wilmington Iron Works, where she is being handsomely re-painted and her boilers cleaned for service on the river this Summer. The tug Blanche, owned by Wilmington, Southport and Little River Co., is plying regularly between Wilmington and Southport in place of the steamer.

Condition of Mr. Malloy.

Dr. F. H. Russell returned yesterday morning from Baltimore, whither he went on Sunday to accompany Mr. H. W. Malloy, who is in Baltimore under the care of Dr. Finney, the celebrated specialist. There was no change in the condition of Mr. Malloy yesterday but friends are hoping and praying for the best.

FIRST DANCE OF SEASON AT LUMINA THIS WEEK.

The first dance of the season will be given at Lumina next Saturday night. This, no doubt, will be welcome news to many of the young people of Wilmington who are eagerly waiting for the Summer festivities at Lumina to begin. The music for the dance Saturday night will be furnished by an orchestra under the leadership of Prof. Kneisel. The season at the beach is already beginning to open. There are already several families living on the beach. The refreshment stand at Lumina is now open and nearly every day there are one or two Sunday school picnics there.

Garland, N. C., May 3.—Of much interest to many friends here and elsewhere was the marriage on Sunday, May 1st, at 3 o'clock, of Miss May Lewis, the attractive and accomplished daughter of Mr. and Mrs. W. M. Lewis, to Mr. S. L. Smith. The wedding was celebrated at the home of the bride's parents near the White Lake, Rev. J. H. Dobson officiating. The home was very prettily decorated for the event. The attendants were Mr. Johnnie Marshburn with Miss Sophie Marshburn; Mr. Matt Lewis with Miss Bettie Smith, Mr. Lennie Smith, with Miss Gussie Smith, Mr. Edward Smith and Miss Nettie Marshburn. After the ceremony the wedding party drove to the home of the groom near Cypress Creek, where a bountiful supper was served. We extend congratulations to the happy groom upon his success and wise choice, and the twain have our wish for a long, useful and happy wedded life.

MAY FESTIVAL BY THE DAUGHTERS OF REBEKAH.

The May Festival of the Daughters of Rebekah at the Boys' Brigade Armory last night was a great success in every way. The ladies desire to return thanks to all who assisted in the very delightful programme: Miss Blanche Penny, Miss Grace LaFrage, Miss Annie Futch and Master Wm. Penny executed their parts in a most charming manner. The accordion solos by "Judge" Bornemann were greatly enjoyed. The human organ manipulated by Mr. C. Y. Devaun was impromptu, but good. The entrance pass word was 5 cents, the retiring pass word from 25 cents to $2, according to whether one patronized the "Country Store" or "Rebekah at the Well", but the "Country Store" seemed to be well ahead. The candy booth was a favorite trading place, but the potted plant booth was not so successful. Cakes sold like the proverbial hot cake. Quite a neat sum was realized for the Odd Fellows' Home.

OUTINGS AT THE BEACH.

Two Sunday Schools Spent Yesterday Very Delightfully.

Two city Sunday Schools had their annual outings at Wrightsville Beach yesterday as guests of the Tidewater Power Company and the day was most delightfully spent. Members of Southside Baptist Sunday School, Mr. R. B. Moore, superintendent, went down on a special car at 10 o'clock and Brooklyn Baptist Sunday School, Mr. W. L. Moore, superintendent, at 2 P. M. There were 202 members of the former and 215 of the latter. The day was spent at Lumina, where they had luncheon on tables arranged by the company. Members of both schools returned to the city on four special cars at 6 o'clock and were loud in their expressions of thanks to the company for the outing.

Today the Sunday Schools of St. James' and St. John's churches will have their outings. In order that the infant classes of the two Sunday schools may return to the city before dark The Star is requested to state that arrangements have been made to have a special car leave the beach at 5:45 P. M. for these classes. The remainder of the two schools will remain at the beach playing games and dancing until 8:15 P. M.

DEATH OF YOUNG MAN.

Mr. Julian Ellerbe LeGrand Passed Away Last Night.

Many friends will learn with sincere regret of the death of Mr. Julian Ellerbe LeGrand, son of Mr. and Mrs. Spencer LeGrand, which occurred at the family residence, No. 314 Orange street, at 11 o'clock last night, after an illness of some weeks. Mr. LeGrand became seriously ill at school some days ago and was brought home and despite the efforts of skilled physicians and loving hands he passed away at the hour mentioned. He was 17 years and six months old and was a young man of great promise. His condition had been critical for the past two days and while his death did not come unexpectedly it was nevertheless a severe blow to loved ones and friends. The bereaved have the tenderest sympathy of a great many friends in the crushing blow sustained in the death of the young man. The funeral arrangements will be announced later.

THE BRADFIELD CO., ATLANTA, GA.

Follow this advice.

Quaker Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Browne, LL.D.-F.R.S. of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.

Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food as Quaker Oats. The powers of endurance of the non-meat eaters were about eight times those of the meat eaters.

Sir James Crichton Browne says—eat more oatmeal, eat plenty of it and eat it frequently. 59

MRS. LUCY SMITH STANLY.

Mother of Dr. J. W. Stanly Passes Away in Hospital Here.

Friends here and elsewhere throughout this section of the State where the family is prominent and well known, will hear with sorrow of the death of Mrs. Lucy Smith Stanly, relict of the lamented Capt. W. J. Stanly, of Whiteville, and mother of Dr. J. W. Stanly, of Wilmington. Mrs. Stanly passed away in the hospital in this city at 2 o'clock yesterday afternoon after a lingering illness of several weeks during a greater portion of which time she had been in Wilmington for treatment. While the death was not unexpected, it came as a shock to family and friends.

Mrs. Stanly was born in Whiteville and lived there all her life with the exception of the last twelve years during which time she made her home with her daughter, Mrs. D. C. Clark, in Chadbourn. She was 68 years of age and had for many years been a member of the Presbyterian Church, her life having been one of devotion to her family and to the Master. Mrs. Stanly is survived by one daughter and four sons, all of whom were with her when she passed away. They are Messrs. Edward Stanly, of Boardman; W. Stanly and F. W. Stanly, of Jacksonville, Fla.; Dr. J. W. Stanly, of Wilmington, and Mrs. D. C. Clark, of Chadbourn. There are also surviving one brother, Mr. Tobias Smith, of Georgia, and four sisters, Mrs. D. P. High, Mrs. A. F. Toon and Mrs. V. V. Richardson, of Whiteville, and Mrs. S. C. Potts, of Lake Waccamaw. All the bereaved ones have the sincerest sympathy of all in their bereavement.

The remains of Mrs. Stanly, accompanied by friends and members of the family, will be taken on the early morning train today to Whiteville, the old home, and the funeral will be conducted from the residence of her sister, Mrs. Richardson, by the Rev. E. B. Carr, of Chadbourn. The pall-bearers will be Rev. F. T. Wooten and Mr J. A. Brown, of Chadbourn; Messrs. J. T. Maulsby, R. E. Powell, J. B. Schulken and John Dunn, of Whiteville.

Life Savers Timely Aid.

Capt. Southard, of the schooner Annie F. Kimball, which grounded near the mouth of the Cape Fear river when making port Saturday night gives much credit to the life savers from the Cape Fear and Oak Island stations for the floating of his vessel. They rendered much assistance in jettisoning the cargo, and also in working the schooner off the shoal. The crews from both stations came aboard.

THE COTTON MARKET.

New York, May 3.—The cotton market continued very nervous today and during the early trading had a sharp advance on the old crop months which was only partly lost later as a result of realizing. The close was steady at a net advance of 1 to 11 points. The market opened steady at an advance of 2 to 6 points in response to steadier cables than looked for and large English spot sales. Weather advices were rather better than expected as temperatures were not as low as feared on the previous day, but conditions were not considered altogether satisfactory and while the new crop months were relatively quiet they worked higher after the call in sympathy with old crop strength. Reports that at least 100,000 bales of the cotton taken up on contracts would be shipped out of the local stock as rapidly as possible seemed to render the near months shorts very uneasy and with moderate support from the New Orleans bulls, there was a sharp advance in these positions after the opening on active coverings. Around 14.98 for May and 14.80 for July, or about 18 points net higher, offerings were liberal enough to satisfy the demand, with indications that the bull leaders were selling on a considerable scale and the market reacted to a net gain of a bout 6 to 9 points on the old crop, while the new crop, which had sold 5 to 6 points higher eased off within a point or two of last night's finals. The weekly weather report read bullishly but appeared to have been discounted and while there were some bullish private advices from the south as to new crop prospects, the late positions ruled quiet all day. The close was steady on a renewal of crop bull support and covering. The western belt forecast was for cooler weather tonight or tomorrow with scattering showers. It was estimated that leading bulls sold between 20,000 and 25,000 bales of May and July on the early advance, but these interest appeared to be giving the market support on the subsequent reaction.

Receipts of cotton at the ports today were 13,651 bales against 12,940 last week and 27,165 last year. For the week 70,000 bales against 68,166 last week and 115,096 last year. Today's receipts at New Orleans were 7,306 against 9,251 last year.

Spot closed quiet 5 points advance; middling uplands 15.30; middling gulf 15.55; sales were 13,300 bales.

LOWER LIVERPOOL

Sharp Advance in Old Crop Positions Followed by Dullness.

New York, May 3.—With a lower Liverpool than was expected and an expectation before the opening that prices would be easier, the trade was met with a good support from the bulls and a sharp advance in the old crop positions. This was so contrary to calculation that the local operators were averse to trading and dullness resulted. The leaders gave the necessary support on any decline. Some short covering in July ensued and while very quiet the market has been remarkably steady. The trade is waiting some new feature while the bulls are confident in their position and have at the moment control of the nearby positions. There is no new business.

THE DRY GOODS MARKET.

New York, May 3.—The second day's results of the auction sales of carpets were good, the buying being steady and prices holding up remarkably well. Cotton goods were in slightly better call with prices steady. Yarns rule quiet. The export markets rule fair steady with some sales of denems reported for Australia but with no new developments in the China trade. Light weight men's wear is in somewhat better demand for quick shipment.

THE GRAIN MARKET.

Chicago, May 3.—The gaze of wheat speculators turned eastward today. Ohio, Indiana, Illinois and Tennessee had far more of interest for the time being than the west. Hessian fly crop damage reports from the states named almost monopolized attention during the final half of the session. In consequence, the market closed firm and within 1-8 of the top figures of the day, with a net gain of 1 1-4 to 3 cents the latter for the May option. Corn finished 1-8 to 1-2 up, oats a shade higher to 1-8 to 1-4c lower and provisions 10 to 35 higher.

THE STOCK MARKET.

New York, May 3.—Stocks rebounded today from the depression which has been forcing them to lower price levels, but the relief proved only temporary break in the coppers caused acute weakness again. Apparently the principal relieving factor was found in the money market, where call loans opened at 4 1-2 per cent., compared with the 6 per cent. opening rate yesterday morning. Another influence was the surprise felt over the small effect of the large payments which had to be made yesterday for the cotton accepted by purchasers in compliance with the notices from sellers last Friday to the amount of 175,000 bales.

This does not end the disquietude felt over the cotton market situation. Reports of premiums being offered by cotton shorts through the south for cotton for early delivery in New York are compared with the enormous stocks of cotton now in New York as a result of the bull operations on the cotton exchange. Today 235,000 bales of cotton were in warehouses in New York compared with only 87,000 bales, at this time last year. The poor holding power on the advance manifested by the stock market may have been due in part of the strained and artificial situation in the cotton trade. Call money also rose to 5 1-2 per cent., before the close.

The irregular tone developed in the later market found some explanation in the confused views entertained of the technical position. Some pains were taken to spread the impression that important inside interests in the great corporations had set about rebuying stocks sold at a higher level. Similar confusion was manifest in the reading of the political horoscope. The compromises proposed in the railroad legislation now before Congress were regarded in the first view, as a possible presage of the defeat of the whole programme of amendment of the inter-state commerce law. A revised estimate of the proceedings seemed to accept them as a strengthening of the radical forces working against corporations. The wavering hesitation of the speculation only needed the late slump in the copper to turn the whole market downward again. Reports of wide concessions in the selling price of copper were the grounds for the drop in the stocks.

Bonds were irregular. Total sales of bonds today were $2,615,000. United States bonds were unchanged on call. Total sales for the day were 804,700 shares.

COL. WADDELL FOR RECORDER

At a meeting of citizens tonight it was decided to urge the name of Col. A. M. Waddell for Recorder of New Hanover County. This action was taken without Col. Waddell's knowledge or consent and we urge him for this position because we think he is the high type of man who should be called to this duty without seeking it, and we urge all citizens to support him.

J. M. SOLKY & COMPANY

--:Then Again:--

It is well to look beyond the outward appearance in selecting a suit of clothes, considering the reputation of the house back of it. The man who buys Strouse & Brothers, or B. Kuppenheimer & Co's. clothes is sure of one thing to begin with—that the faultless outward appearance is evidence of quality clear through.

The reputation of the house of J. M. Solky & Co., insures that. So then, when you walk in to the J. M. Solky & Co. store, you have but three questions to decide; the amount you care to spend, the pattern and the particular style that will best suit you in that pattern. You have here actually hundreds of patterns to choose from, and every fabric and style beyond criticism. We are quite willing that you should judge our standards of clothes value by any grade shown from $10.00 and upward. We ask you especially to see values at

$18:00 $20:00 $25:00

There is no experimenting in buying the class of goods we handle, as Strouse & Brothers' clothing have been sold in WILMINGTON for thirty years and B. Kuppenheimer & Co. clothing for over twelve years.

WOULD COLONIZE PATIENTS

Recommended by Association For Tuberculosis Patients.

Washington, May 3.—Recommendations that tuberculosis patients should be colonized on large farms in the southwest that there should be at least one out door school in every city and that greater efforts should be made to see that city ordinances against spitting in public places be observed, were made the closing session here today of the National Association for the Study and Prevention of Tuberculosis.

The first of these recommendations was made in a paper on the question of employment of tubercular patients, read by Dr. A. M. Forster, of Louisville, Ky.; the second by Dr. Henry F Stoll, of Hartford, Conn.; and the third by Robert J. Newton, of St. Louis.

Dr. L. F. Barker, of Johns Hopkins University, at Baltimore, presided as chairman of the clinical section and Dr. Theobald Smith, of Boston, presided at the pathological section.

Dr. Park's paper was followed by wide discussion. Dr. Marshal Fabyan, of Boston, presented the story of two cases of human tuberculosis in which the Bovine type of bacillus was associated.

Following Dr. Knopf's paper in the clinical section, Dr. Albert P. Francine, of Philadelphia, declared that all medical colleges should teach tuberculosis as a special branch and give it a permanent place in the circulum.

A wide question of placing the responsibility for elapse of a patient supposedly cured from tuberculosis followed a paper by Dr. W. L. Dunn, of Asheville, N. C., on that subject, in which opinion was somewhat divided.

DetWEILLER SURRENDERS.

Indicted in 13 Counts for Bribery in March, 1907, in 'Frisco.

San Francisco, May 3.—After being lost to sight since March 23rd, 1907, when he was indicted in 13 counts for bribery of supervisors of the Schmitz administration, A. K. DetWeiller, of Toledo, formerly vice president of the Home Telephone Company, of this State, surrendered late today.

DetWeiller surrendered to Superior Judge Lawler, who immediately released him on bonds of $130,000.

DetWeiller said that he had been traveling in Europe for his health the greater part of the time since the indictments were returned and that he had returned the moment his physicians told him he could undergo trial without endangering his life.

He declared that his return was voluntary. He will be arraigned on May 5th.

When the Schmitz board of supervisors advertised the sale of a franchise for a competing telephone system in 1905, DetWeiller came from his home in Toledo and successfully bid for the privilege.

In March, 1907, a grand jury returned 13 true bills charging him with bribing supervisors to act favorably on the bids submitted by his company.

NEW YORK BAKERS STRIKE.

Resulted in Rioting Last Night—Students Hungry.

New York, May 3.—There was rioting today in the bakers' strike. One strike breaker was stabbed, several were mauled and hundreds of loaves of bread were tossed from wagons into the street, but there were no fatalities.

Both sides—employers and strikers—maintain an air of confidence, and conflicting statements of the status of affairs were issued. The strikers say 6,000 men are out and that nearly all the big bakeries, including those in the larger hotels, are seriously crippled. The employers on the other hand, insist that they are only temporarily handicapped and will quickly fill all vacancies. Many hotels, however, are getting bread from neighboring cities. The bakery which supplies Columbia University ran short of supplies and hungry students were limited to one slice of bread each for breakfast this morning.

COLUMBIA CITY COUNCIL.

Three Nominated Yesterday—Commission Form of Government.

Columbia, S. C., May 3—Three members of the city council, R. G. Blalock, W. F. Stieglitz and R. C. Keenan, were nominated today under the commission form of government, thus completing the ticket. The Mayor is W. H. Gibbes, and the other councilman is R. W. Shand, both being nominated in a primary recently held. The general election to be held later is only a matter of form. Columbia is the first city in the South Atlantic States to adopt the commission form of government, thus being done some time ago by a vote of 185 to 76.

YOAKUM ON HIGH PRICES.

Profits Made by the Middleman—Address Before Farmers.

St. Louis, May 3.—Excessive profit taking by middlemen was the reason assigned for high prices of food-stuffs by B. F. Yoakum, chairman of the 'Frisco System, in an address which he made this afternoon before the National Convention of the Farmers' Educational and Co-operative Union, now in conference in this city. He declared that the heavy reductions in freight rates of the past few years had been absorbed by the dealers and not shared in by the farmers or consumers.

Better marketing methods were advanced as a means by which farmers would get better prices for the food they raise and at the same time lower figures would be given to those who buy the stuff for use in the kitchen. This railroad man described the demagogic politician as a distributing and expensive middle agent and urged that he be cut out in the dealings which the railroads and the farmers should have with each other.

"The most important force for the welfare of the Nation will come when the land owners of America are organized," said Mr. Yoakum. "This organization is important not only for the benefits which will come to the farmers, but on account of money which will be saved by the consumers. It is not prices received by farmers which make living expenses high, but the profits of the dealers handling the foods between the farmer and consumer.

BRYAN'S DAUGHTER WEDS.

Mrs. Leavitt Married to Lieut. Owen. Leavitt at Toledo.

Lincoln, Neb., May 3.—Lieut. Reginald Owen and Mrs. Ruth Bryan Leavitt were married at Fairview shortly after 9 A. M. today. The strictest secrecy was maintained. All information concerning the wedding was withheld.

The bridegroom is 26 years of age. He is the son of T. C. Owen, business man of London. His mother is not living. Mr. Owen took the examination and entered the engineering branch of the British government service at Jamaica, and, according to the government rules, will not be re-called to the mother country until after completing a term of three years.

Ruth Bryan was first married nearly seven years ago, when 18 years old, to William Homer Leavitt, an artist, nearly twice her age. She got a divorce from Leavitt on March, 1909, with absolute custody of their two children. The children are now in Germany.

Rev. Harry F. Huntington, of Crete, Neb., performed the ceremony. Mr. and Mrs. Owen left later for Jamaica.

Toledo, O., May 3.—While Ruth Bryan Leavitt was being married at Lincoln today to Lieut. Reginald Owen, her former husband, W. H. Leavitt was here arranging for a lecture to be given at the Y. M. C. A. tonight on "Value of Art Training."

Mr. Leavitt declared that he had given up his first intention of going to Lincoln to stop the wedding in order to gain possession of his two children, but that he would start proceedings immediately to get his two offsprings.

PROMINENT LAYMAN PASSES.

John H. Converse Died Suddenly Yesterday in Philadelphia.

Philadelphia, May 3.—John H. Converse, of the Baldwin Locomotive Works, one of the most prominent Presbyterian laymen of the United States, died suddenly of heart trouble at his suburban home in Rosemond near here today.

Mr. Converse was 69 years old. He was known from one end of the country to the other, both in railroad and religious circles. He had given much of his wealth to the Presbyterian and other denominations and took a deep interest in church affairs.

Mr. Converse was born in Burlington, Vt., and was graduated from the University of Vermont in 1866. He entered the employ of Baldwin's Locomotive Works in 1870 and three years later became a member of the firm. In 1900 Mr. Converse was vice moderator of the General Assembly of the Presbyterian Church of the United States of America. He was president of the trustees of the General Assembly and chairman of the business committee of the board of publication as well as of the committee of evangelistic work. He was a trustee of Princeton Theological Seminary.

NEWLAND FOR GOVERNOR.

Says in Raleigh He Has Very Strong Inclination to Run.

(Special Star Telegram.)

Raleigh, N. C., May 3.—Lieut. Gov. W. C. Newland, here before the Supreme Court arguing 13th district appeals this week, says it is a fact that at this time he has a very strong inclination to be in the race for the Democratic nomination for Governor in the next campaign, but this is too far off yet to have anything much to say about it. This, in reply to inquiry by newspaper men. To friends generally in private conversation he is free to say he expects to make a definite and determined effort to secure the nomination and is receiving the heartiest endorsements of Democrats in every part of the State wherever his candidacy becomes known.

METHODISTS IN ASHEVILLE.

Advance Guard of Delegates Arrive. Begins Today.

Asheville, N. C., May 3.—The advance guard of delegates to the 16th quadrennial conference of the Southern Methodist church began arriving today. The conference will meet in the auditorium.

The conference will open tomorrow, and after the organization is effected and committees are heard, the main feature of the programme will be the addresses of the bishops which will be read by Bishop Hendrix. Several questions which will provoke long debate are to be decided. Notable among these are the demand of the women of the church for laymen's rights, the election of bishops and the control of Vanderbilt University at Nashville, Tenn.

DEMOCRATIC PRIMARY ELECTION.

Pursuant to an act of the General Assembly of North Carolina, entitled an "Act to Legalize Primary Elections in New Hanover, County," ratified March 4th, 1905, as amended by Chapter 57, Acts of Special Session of the Legislature of North Carolina, ratified the 31st day of January, 1908, and as modified and amended by the acts of 1909, Chapter 867, ratified March 8th, 1909, notice is hereby given to the Democratic voters of New Hanover County that a Primary election under the new Australian ballot system, will be held under said laws at the various precincts in said County, on Wednesday, May the 18th, 1910, for the purpose of selecting candidates for the State Senate, the House of Representatives, Sheriff, Clerk of the Superior Court, Recorder, Register of Deeds, County Surveyor, Coroner, five County Commissioners (three of whom shall be for two years and two for four years), County Treasurer, and one Constable from each township, three magistrates from Harnett, Cape Fear, Masonboro and Federal Point Townships each, twenty-five magistrates from Wilmington Township, and one member of the County Executive Committee from each ward, and one each from Cape Fear, Harnett, Delgado, Masonboro and Federal Point Townships.

The polling places for the several wards and precincts, subject to approval and necessary change, by the County Board of Elections, will be as follows:

FIRST WARD—Polling place: Hose Reel House No. 1, 602 N. Fourth street.
SECOND WARD—Polling Place: 212 Princess street.
THIRD WARD—Polling Place: Giblem Lodge.
FOURTH WARD—Polling Place: Consumers Ice Company.
FIFTH WARD—Polling Place: Engine House Sixth and Castle streets.
CAPE FEAR TOWNSHIP — Polling Place: Blossom's Store.
HARNETT TOWNSHIP—Polling Place: Township House.
DELGADO—Polling Place: Sneeden's Store.
MASONBORO—Polling Place: Township House.
FEDERAL POINT — Polling Place: Capps' Store.

Registrars and Poll Holders have been heretofore nominated by the Executive Committee and certified to the County Board of Election in accordance with law and by them published, to which publication reference is made.

Registration Books will be open from eight A. M. until six P. M., from Monday May the 9th, 1910, to Saturday, May the 14th, 1910, both inclusive, at the several polling places. The Polls will be open on election day, May 18th, 1910, at all wards in the City of Wilmington, at seven o'clock A. M., and close at seven o'clock P. M., that is to say, in the first, second, third, fourth and fifth wards, and the polls on said election day at Cape Fear, Seven Mile Post, Delgado, Federal Point and Masonboro Townships, will be open from nine o'clock A. M. to six o'clock P. M. The attention of candidates is directed to the fact that the law providing for the Australian ballot requires that the Executive Committee shall furnish to the County Board of Election the names of all candidates for nomination for which the party may elect candidates. All candidates are therefore urged to list their names with the Executive Committee not later than May the 9th, 1910, in order that their names may be properly certified to the County Board of Elections and be given place on the ballot to be used in said primary.

Done at Wilmington, N. C., this 26th day of April, 1910.
